Platform
25" Platform
Includes WristMates
List \$153

Articulating Arms & Platform Combinations

- 1 Platforms are rigid black laminate (phenolic) material. Low profile 1/4" thickness. Extremely durable.
- 2 Any platform may be attached to any mechanism. Holes are pre-drilled and bolts are furnished.
- 3 Slide mounts to bottom surface of desk, swivels 360° and allows user to slide tray and keyboard up to desk. Low profile does not interfere with knees.
- 4 Steel construction with a durable black-powder coat.
- 5 Lockable tilt and height adjustments allow user to custom align the tray for personalized use. Tray has 15° positive and 15° negative tilt.

Articulating Arms

- 6" height adjustment
- Knob adjustment on arms (F & G)
- Lift & lock articulating (H)
- 360-degree rotation

(E) ED250 - Spring Assist
